## MEP-U10

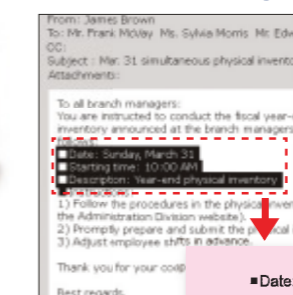

PC-Connectable Model

PC-Connectable  
(USB Connection)

#### Simple printing of e-mail content.

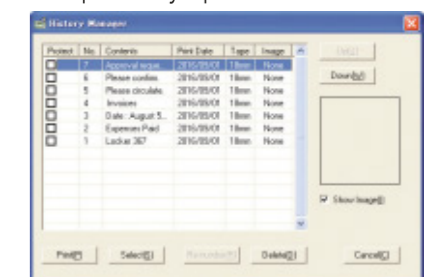

Prints instantly!

■ Date: Sunday, March 31  
■ Starting time: 10:00 AM  
■ Description: Year-end physical inventory

#### Input text selected from the print history.

Print previously input labels and memos.

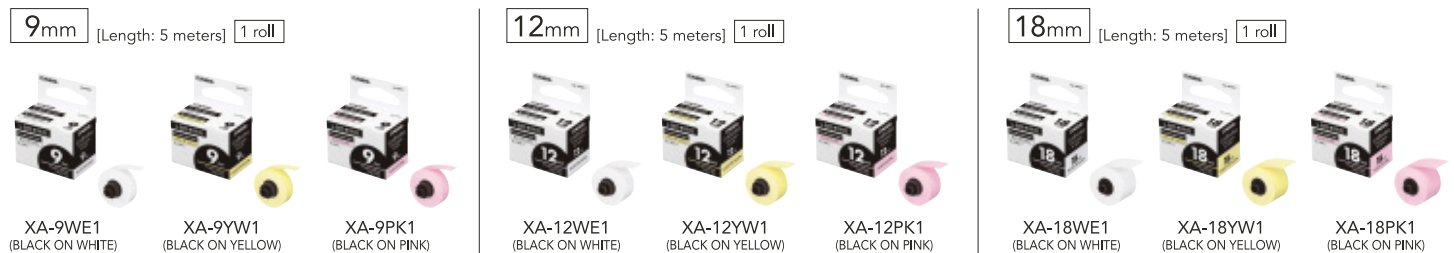

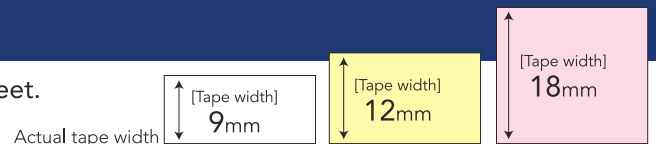

# Tape replacement is quick and easy.

## Tape Lineup

Labemo uses independently developed tapes with no backing sheet. Labels are easy to attach and peel off.

\*Since the dedicated paper rolls are thermal paper, the labels may discolour. Avoid using labels near windows or in other locations exposed to direct sunlight, in locations exposed to high temperatures or moisture, or outdoors.  
\*The adhesive used for the dedicated paper rolls is a re-adherable type adhesive. Depending on the surface, labels may peel off or adhesive residue may remain.

## Quickly Print Common Phrases

Select and print a phrase from a library of convenient common phrases.
